

About

CurlyTop Baker started with a vision of feeding the homeless in the Las Vegas Valley by sharing a little love and hope one freshly baked cookie at a time. As the love for our cookies began to spread, what started out as baking for family, friends, neighbors and school functions quickly grew into a business founded on the desire to have a lasting impact in our community.

We at CurlyTop Baker are dedicated to leading the industry in providing an exceptional made-from-scratch, melt in your mouth, gourmet cookie. Our dough is made with the highest quality ingredients, including real creamy butter, pure vanilla, cage-free eggs, zero additives or preservatives and 100% non-GMO.

We pride ourselves on extending impeccable customer service while savoring the fact that our cookies are collectively enjoyed by families, friends and corporate America, making us part of their celebrations and memories - a cookie truly everybody will remember.
